

Marek Klečka

Bar Supervisor, Catchfly

Born and raised in Czech Republic, Marek discovered his love for the food and beverage industry when he first started helping out at his brother's restaurant. As a young teen, he watched how the bartenders work and fell in love with the craft. Determined to make it his career, he enrolled himself into a gastronomy school at the tender age of 16 while working at the *Blue Cafe Restaurant* as a waiter and bartender under the guidance of Marek Lahoda. Later, he acquired the Certificate of International Validity in the basic and higher bartending courses, and finished the Sommelier Course as a cadet.

Marek went on to be a bartender at *White Circus* and *Oblaca Bar*, then at *Manes Group*, and subsequently *Crazy Daisy Bar* where he was scouted by Linda for *Catchfly*.

Always looking for new combinations to experiment with, Marek took up the offer and has since been innovating cocktails with Asian flavours.
